Duster/Valiant / Electrical / Rear Body/Lamp Harnesses

Picture	Product name	Description	SKU	CAD
	1970-1974 Rear Lamp Harnesses	Replacement rear body lamp harnesses for various 1964-74 Dodge and Plymouth models. The rear lamp harness powers all accessories on the rear end of the vehicle and connects to the under-dash harness. These harnesses feature correct colour wires, factory style connectors and are wrapped in non-adhesive vinyl wrap tape. **Call for multiple colours, styles or patterns or choose online**	DVICMA2368	386.38
	1971-1972 Tail Lamp Socket (for 1-1/8" Hole)	Replacement tail lamp or backup lamp socket for a wide variety of classic American car models including Ford, Dodge, and Plymouth models. Each socket comes with the pigtail wiring that splices into your original harness. Use as required. This socket is the push-in type that is held in place by multiple spring steel prongs located around the perimeter of the socket.Important: This is a service replacement part that Fits 1-1/8" hole and typically uses a 1034, 1154, or 1157 twin filament bulb. May differ cosmetically than your original, but will fit and function correctly.	DVIC3764747	6.70
