Skylark / Body Panels / Quarter Panels & Parts

Picture	Product name	Description	SKU	CAD
	1966-1970 GM A-Body Rear Inner Quarter Drain Plugs - 2PC	GM A-body GTO, 442, GS Rear Quarter Panel drain boxes 2pc. These are the box like plugs that go into the inner quarter panel to drain the trunk to quarter area. There is one on each side of the car. These snap in place against the inner quarter. When your car was new the body was dipped into a black or red color dye and these holes in the quarter allowed the fluid to drain. The covers then sealed over the holes and allow any water that became trapped to drain. Over the years these are missing and dry rotted. These are exact to the factory originals in the correct black rubber with inner flap. This is an exact reproduction of the originals.	SKITINL10843	32.00
	1970-1972 GM Rear Blue Quarter Panel Plug And Orange Gasket - PR	Quarter Panel Drain Plugs Trunk - These are the drain plugs that snap into the lower quarter panel where the inner and outer lower quarter meet each other. These are for a 1" hole. Exact in every detail, right down to the colour and the gasket. The gasket colour is also correct. This is better than NOS. It is not shelf worn. Includes 2 plugs for both sides of the car and 2 gaskets. This is a brand new part.	SKITINL10355	25.60
